

“My hearing was getting bad so I called Mr. Bayliff. I talked to other people and their experiences with him. He is very nice and very informative. Helped me decide which hearing aid would be best for me. When I got mine, I couldn't believe the sounds I haven't heard for a long time, it was pretty amazing. ”

“I was impressed with the professional way in which Jeff tested my hearing and explained my hearing loss. I was easy to understand when he showed me the diagram of hearing and the degree of my hearing loss. My hearing was greatly improved with my new Oticon hearing aids. I can hear my T.V. without turning it up so high and enjoy conversations with family and friends without asking them to repeat what they have said. Thank you for your expertise, it is really great to be able to hear again. ”

“I have nothing but good things to say about Jeff Bayliff. From the first moment I met Jeff, he was friendly, professional and patient with my many first time user questions. He explained everything in detail throughout the testing process, reviewed my choices and made an excellent no pressure recommendation. I am delighted with my new hearing aids! In addition Jeff was very helpful with securing my insurance reimbursement benefit. Thank you Jeff!”

“ Love the price,& the remote control and the other extra supplies that he added at no extra charge.. Mr. Bayliff was very professional & polite. After having them 2 weeks I often forget I have them in. Only reason I only put 4 stars is because I have only had them 2 weeks. If i still love them in 6 months and have no problems. I will give them 5 stars”

“He provides a genuinely pleasing and positive experience. Mr. Jeff Bayliff is a truly friendly, caring and highly skilled professional. He listens carefully and personally knows our reluctance to wearing hearing aids for the rest of our lives. His explanations and teachings are concrete, easily paced and he encourages questioning. The first and all follow-up visits are free and his Oticon products are mainstream and priced way lower than most others. ”

“Jeffrey L. Bayliff excels as a hearing aid specialist. He was/is very professional, articulate, patient and courteous. Though I had visited other hearing aid specialists and audiologists, I rate him the best. He explained the technology, patiently answered all my questions and fitted me with excellent hearing aids, well worth the traveling 50 miles to his office. I will recommend him to others. ”
